

TERMS & CONDITIONS

Order - Acceptance. This Purchase Order ("PO") is an offer to purchase the goods and/or services described herein, not a confirmation or acceptance of any offer to sell; and acceptance of this offer is limited to the terms of this PO. Upon acceptance, whether expressly, by shipment or provision of goods or services purporting to conform to that description, or other conduct that recognizes the existence of a contract for such goods or services, the resulting contract will include: the PO transmittal letter, the PO, the accompanying PO Requirements, the Product Specification(s), the Supplier Compliance Manual (a/k/a Supplier Manual) and these Terms and Conditions (collectively, "Contract Documents"). Buyer hereby objects to and rejects any terms proposed in any of Seller's quotation, order acknowledgement, invoice or other forms or correspondence which add to, vary from, or conflict with the terms of the Contract Documents. If this PO has been issued by Buyer in response to an offer and is construed as a confirmation or acceptance of such offer, such confirmation or acceptance is subject to the express condition that Seller shall assent to the additional and different terms of the Contract Documents as the entire agreement between Buyer and Seller with respect to the subject matter hereof. This offer expires thirty (30) days after the date of this PO, and may be terminated by Buyer at any earlier time, upon notice to Seller given before Seller's acceptance of this offer.

Price Warranty. Seller warrants that the prices for the articles sold to Buyer hereunder are not less favorable than those currently extended to any other customer for the same or similar articles in similar quantities. In the event Seller reduces its price for such article during the term of this order, Seller agrees to reduce the prices hereof correspondingly. Seller warrants that prices shown on this PO shall be complete, and no additional charges of any type shall be added without Buyer's express written consent. Such additional charges include, but are not limited to, shipping, packaging, labeling, customs duties, taxes, storage, insurance, boxing, crating.

Termination for Cause. Buyer may terminate any contract resulting from this PO, or any part thereof, for cause in the event of any default by Seller or if Seller fails to comply with any of the terms and conditions of this PO. Late deliveries, deliveries of products which are defective or which do not conform to this order, or failure to provide Buyer, upon request, with reasonable assurance of future performance shall all be causes allowing Buyer to terminate this PO and any resulting contract for cause. In the event of termination for cause, Buyer shall not be liable to Seller for any amount and Seller shall be liable to Buyer for any and all damages sustained by reason of the default that gave rise to the termination.

Termination for Convenience. Buyer shall also have the right to terminate any contract resulting from this PO, or any part thereof, without cause at any time prior to delivery; and Buyer's liability for such termination shall be limited to Seller's out-of-pocket cost for work and materials applicable solely to work which shall have been expended when notice of termination shall have been received by Seller, reduced by the fair market resale value of such work-in-process.

Delivery. Time is of the essence under this PO and any resulting contract; and if delivery of items or rendering of services is not completed by the time promised, Buyer reserves the right without liability, in addition to its other rights and remedies, to terminate this contract by notice effective when received by Seller as to items not yet shipped or services not yet rendered and to purchase substitute items or services elsewhere and charge Seller for any loss incurred.

Warranty. Seller expressly warrants that all goods and services furnished pursuant to any contract resulting from this PO shall: conform to all specifications and applicable laws, regulations, and standards; will be new, not used, refurbished or reconstituted; will be free from defects in design, material and workmanship; and that Seller has good title and authority to transfer title to the goods covered by this PO. Seller warrants that all such goods and services will conform to any statements made on the containers, labels or advertisements for such goods and services, and that any goods will be adequately contained, packaged, marked, and labeled. Seller warrants that all goods and services furnished hereunder will be merchantable, and will be safe and appropriate for the purpose for which goods or services of that kind are normally used. If Seller knows or has reason to know the particular purpose for which Buyer intends to use the goods or services, Seller warrants that such goods or services will be fit for such particular purpose. Seller warrants that goods and services furnished will conform in all respects to samples. Inspection, test, acceptance or use of the goods or services furnished hereunder shall not affect Seller's obligation under this warranty, and such warranties shall survive inspection, test, acceptance, and use. If the product or packaging furnished is or includes food, a food ingredient, or food packaging materials, or any product that comes into contact with food, food ingredients or food packaging materials, Seller further guarantees and warrants same are not adulterated or misbranded under any applicable law, code, regulation or industry standard. Seller's warranty shall run to Buyer, its successors, assigns, and customers, and users of products sold by Buyer. Seller agrees to replace or correct defects of any goods or services not conforming to the foregoing warranty promptly, without expense to Buyer, when notified of such nonconformity by Buyer, provided Buyer elects to provide Seller with the opportunity to do so. In the event of failure of Seller to correct defects in or replace nonconforming goods or services promptly, Buyer, after reasonable notice to Seller, may make such corrections or replace such goods and services and charge Seller for the cost incurred by Buyer in doing so. Seller may not limit in any manner the type or amount of damages to which Buyer is entitled for breach by Seller of this warranty.

Inspection/Testing. Payment for the goods delivered hereunder and services provided hereunder shall not constitute acceptance thereof. Buyer shall have the right to inspect and evaluate such goods and services and to reject any or all of said goods and services that are in Buyer's judgment defective or nonconforming. Goods rejected and goods supplied in excess of quantities called for herein may be returned to Seller at its expense and, in addition to Buyer's other rights, Buyer may charge Seller all expenses of unpacking, examining, repacking, and reshipping

such goods. Buyer may charge Seller all expenses of evaluating services rejected hereunder. Nothing contained in this PO shall relieve Seller from the obligation of testing, inspection, and quality control. Nothing herein shall obligate Buyer to perform any service with respect to rejected goods except to hold the same for disposition in accordance with Seller's instructions; provided, however, any adulterated food product or food packaging material shall be appropriately destroyed or disposed of with records regarding such disposition provided to Seller.

Changes. Buyer shall have the right at any time to make changes in drawings, designs, specifications, materials, packaging, time or place of delivery, or method of transportation; provided, however, that no such change or other modification of any of the Contract Documents shall be of any force or effect unless evidenced by a written amendment issued by Buyer on the same form as that used in issuing this PO. If any such changes cause an increase or decrease in the cost, or the time required for the performance, an equitable adjustment shall be made and the agreement shall be modified in writing accordingly. Subject to such adjustments, and to Seller's responsibilities described in the following paragraph, Seller shall implement such changes or other modifications.

Buyer's Design or Specification Input. If this PO covers goods, Buyer's decision to place this PO with Seller was based on Seller's representation that it has expertise in the design and manufacture of the same kind of goods as the goods described herein. Buyer may have provided, or may provide, input concerning the design or specifications for the goods covered by this PO, independently of or in collaboration with Supplier, by reviewing or approving Seller's work-product, submitting its own work-product to Seller, inspecting or testing prototypes or production samples of such goods, or otherwise (individually and collectively, "Buyer Input"). In designing the goods covered by this PO and developing specifications therefor, Seller has not relied, and will not rely, on any Buyer Input without independently validating all elements thereof to Seller's satisfaction. Accordingly, Seller assumes sole and absolute responsibility for the design and specifications of the goods covered by this PO, notwithstanding any Buyer Input; and no Buyer Input shall affect Seller's other responsibilities with respect such goods, whether arising out of warranty or other contract, negligence or other tort principles or principles of strict liability.

If this PO covers services, Buyer's decision to place this PO with Seller was based on Seller's representation that it has expertise in providing same kind of services as the services described herein. Buyer may have provided, or may provide, input concerning the services covered by this PO, independently of or in collaboration with Supplier, by reviewing or approving Seller's work-product, submitting its own work-product to Seller, inspecting or testing methods, processes or steps, prototypes or production samples of goods, or otherwise (individually and collectively, "Buyer Input"). In providing the services covered by this PO, Seller has not relied, and will not rely, on any Buyer Input without independently validating all elements thereof to Seller's satisfaction. Accordingly, Seller assumes sole and absolute responsibility for the services covered by this PO, notwithstanding any Buyer Input; and no Buyer Input shall affect Seller's other responsibilities with respect such services, whether arising out of warranty or other contract, negligence or other tort principles or principles of strict liability. This provision shall be interpreted in such a manner to effectuate the intent of the parties and distinctions between goods or services shall not be utilized to defeat that intent.

Deliverables. Deliverables are any item or items, whether tangible or intangible, physical or otherwise fixed in a tangible medium of expression, or services performed, the possession of which is transferred from Seller to Buyer, including, but not limited to, traditional physical items such as clothing, housewares, furniture, decorative items, and the like, mechanical, electrical or electronic apparatus or components, information, code, software, firmware, circuits, chips, or memory and storage in any electromagnetic or physical form or intangible rights represented by or embodied in the foregoing. Possession includes physical delivery of physical items, physical delivery of a medium embodying information, transmission or enablement of transmission of information or in the case of services, transmittal of a physical item or information reflecting performance and acceptance, as well as any resultant information resulting from performance of the services. When a deliverable is a physical item, transfer shall also include the right to use the physical item for the purpose intended, including its configuration, appearance, decoration, accompanying text, labeling and packaging and a right to use such information, code, software, firmware or the like that is affixed to, placed on, embodied in, or physically accompanies the physical item, and in the case of physical items or any medium intended for resale or further distribution, the right to freely make further distribution. When a deliverable is a service or information, that deliverable shall include at least a license to use and practice the deliverable. When a deliverable is an intangible right such as patent, trademark, copyright, name or likeness, or information, defined or represented in a physical or other medium, that deliverable includes both the right and the medium. The definition of deliverable shall be interpreted consistently with the context of the purchase order to transfer such rights from Seller to Buyer as the context requires for the deliverable to be put to its intended use.

Force Majeure. Buyer may, without additional cost, delay delivery or acceptance occasioned by causes beyond its control. Seller shall hold any goods affected by such delay at the direction of Buyer and shall deliver them when the cause affecting the delay has been removed. Causes beyond Buyer's control shall include government action or failure of the government to act where such action is required, strike or other labor trouble, fire, or unusually severe weather.

Intellectual Property. Seller warrants that the goods, services and the deliverables with respect to services provided under this PO, and the distribution, sale and use of such goods, services or deliverables, will not infringe upon any patent, trademark, copyright or other intellectual property right in any jurisdiction. Seller will defend (by counsel acceptable to Buyer), indemnify and hold harmless Buyer, its related and affiliated companies, and all their respective officers, directors, employees, successors, assigns, agents, customers and users of its products or services (collectively, "Buyer's Beneficiaries"), from and against all claims, suits, damages, losses, royalties, profits, costs and expenses incurred or awarded (including attorneys' fees) arising out of any suit, claim or action for actual or alleged direct or contributory infringement of, or inducement to infringe, any United States or foreign patent,

trademark, copyright or other intellectual property right by reason of the manufacture, use or sale of the goods or services ordered, including infringement arising out of compliance with specifications furnished by Buyer or for actual or alleged misuse or misappropriation of a trade secret resulting directly or indirectly from Seller's actions, including any settlement. Buyer may be represented by and actively participate through its own counsel in any such suit or proceeding if it so desires, and the costs of such representation shall be paid by Seller. Further, Seller waives any claim against Buyer, under the Uniform Commercial Code or otherwise, including any hold harmless or similar claim, and including claims arising out of compliance with specifications furnished by Buyer related to or arising out of Seller's use of Buyer Input. Seller hereby assigns to Buyer all right, title and interest in and to all conceptions, innovations, inventions, processes, machines, manufactures, compositions of matter, methods, techniques, systems, mask works, software, data and information, works of authorship, indications or designations of origin and the goodwill symbolized thereby, whether patentable or susceptible to copyright or trademark protection, that is conceived, created or first fixed in a tangible medium, first made, first used or first reduced to practice in connection with the performance of Seller's obligations under this PO. Further, with respect to any materials required to be delivered to Buyer pursuant to this PO that are not covered by the preceding sentence, Seller agrees not to assert any claim with respect to any technical, design, configuration or product information, and grants to Buyer a worldwide, nonexclusive, royalty-free, irrevocable license to use, modify, reproduce, decompile, copy, publish, distribute or prepare works based on such deliverables. This provision supplements, but does not limit, such rights as may exist based on fair use, first sale, exhaustion or related doctrines. With respect to goods covered by this PO, Seller also grants to Buyer a worldwide, nonexclusive, royalty-free, irrevocable license to repair and have repaired, and to reconstruct and have reconstructed, such goods. Notwithstanding the foregoing assignment provision, to the extent Seller makes a contribution to a collective work, motion picture or other audiovisual work, translation, supplement, compilation, instructional text, test or test answers, or an atlas, Seller agrees that its contribution is a work made for hire. The definitions and terms herein shall be interpreted consistently with the context of the purchase order to transfer such rights from Seller to Buyer as the context requires for the deliverable to be put to its intended use.

Insurance. In the event that Seller's obligations hereunder require or contemplate performance of services by Seller's employees, or persons under contract to Seller, to be done on Buyer's property, or property of Buyer's customers, Seller agrees that all such work shall be done as an independent contractor and that the persons doing such work shall not be considered employees of Buyer. Seller shall maintain all necessary insurance coverage, including public liability and Workers' Compensation insurance. Seller shall defend (by counsel acceptable to Buyer), indemnify and save Buyer harmless from and against any and all claims or liabilities arising out of the work covered by this paragraph.

Product Liability Insurance. Seller agrees that for a period of at least three years following Seller's last delivery of product to Buyer, Seller will maintain its product liability insurance coverage in the form provided by the certificate of insurance which Seller has provided to Buyer.

Indemnification and Recalls. Seller shall defend (by counsel acceptable to Buyer), indemnify, and hold harmless Buyer and Buyer's Beneficiaries from and against all damages, losses, royalties, profits, costs, claims, or liabilities and expenses (including attorneys' fees) arising out of or resulting in any way from: (1) any defect in the goods or services purchased hereunder; (2) any breach by Seller of this PO or the resulting contract; (3) any act or omission of Seller, its agents, employees, or subcontractors; (4) any violation by Seller, its agents, employees, or subcontractors of any applicable federal, state or local law or regulation or other applicable law, code or regulation; (5) any unfair competition by Seller, its agents, employees, or subcontractors in connection with the use, possession, sale, marketing or delivery of any products or services provided by Seller to Buyer; (6) each and every recall of any product, whether voluntary or involuntary; and (7) any other act or omission as provided in the Contract Documents. This indemnification shall be in addition to the warranty obligations of Seller. In the event of recall of a product (whether voluntary or involuntary), in addition to its indemnification obligations, at Buyer's sole option and discretion, Seller shall: (a) at Seller's expense, subject to Buyer's request and approval, (i) prepare and mail adequate written notification of the recall to Buyer's customers who purchased such product and/or (ii) provide any other type of notification that may be required by any applicable governmental authority and/or be reasonably required by Buyer to provide adequate notice to its customers, and (iii) arrange (in a manner and process acceptable to Buyer) and pay for all other costs and expenses associated with the recall and/or exchange of the product and any loss to Buyer or its customers; and/or (b) pay Buyer for all its and its customers' actual direct and indirect costs, expenses (including attorney's fees) and damages incurred in connection with (i) Buyer providing notification to Buyer's customers in a manner Buyer reasonably deems necessary, and (ii) the recall and/or exchange of the product and any loss to Buyer or its customers. In all recall cases, Seller shall cooperate fully with Buyer and any applicable governmental authorities in connection with the recall and implementing a responsive process to: (i) prevent any loss and minimize any inconvenience to Buyer and its customers; (ii) ensure that payments are made to Buyer so that it may properly account to its customers; and (iii) account fully to Buyer for all returned products and payments.

Insurance, which may be obtained by Seller upon such goods, is to be at Seller's expense, and is included in the purchase price stated herein. Proceeds of such insurance shall be payable to Seller and Buyer as their interests may appear. No act or omission of Buyer shall have any effect upon the risk of loss of the goods that are the subject of this PO. If this PO provides for any of Buyer's property to be in Seller's possession at any time, Seller agrees to be fully responsible to Buyer for said property which shall include the responsibility to insure said property against all insurable risks,

including fire and casualty, for the full insurable value thereof; and Seller shall provide to Buyer a certificate of insurance, naming Buyer as an additional insured, to verify such coverage.

No Waiver. Any failure or delay by Buyer in exercising any right, power, privilege or remedy under (or in insisting on Seller's full performance of) any or all of the terms and conditions hereunder or in the other Contract Documents or that is otherwise available at law or in equity shall not operate as a waiver thereof, nor shall any partial exercise thereof preclude any other or future full exercise thereof. Further, any actual waiver by Buyer of (or other course of conduct by Buyer relating to) any condition, term, right, power, privilege or remedy hereunder or in the other Contract Documents or that is otherwise available at law or in equity shall not operate as a waiver thereof (or establish a course of conduct) for future POs and resulting contracts.
